

Westlake Magazine in homes and businesses

The seventh edition of the *Westlake Magazine* has been mailed to all homes and businesses in the city. The glossy, four-color publication is an annual city tradition that contains features about residents, stories on local businesses and important resources for residents.

Included in the magazine is the Residents' Guide, which has been updated with the most recent information on city services and important telephone numbers. A Restaurant Guide has the latest information supplied by Westlake's many restaurants on hours of operation, reservation policies and food preferences.

Westlake Magazine is produced courtesy of its many advertisers, who enable the city to compile the publication and send it to every Westlake home and business at no cost to the city.

In addition to this annual publication and the city website www.cityofwestlake.org, other sources of information about Westlake are the bimonthly *Mayor's Newsletter* and 1680 AM Highway Advisory Radio.
