

## COVID-19 Vaccine Fact Sheet

### Ohio Phase 1C COVID-19 Vaccine Distribution

Governor Mike DeWine has announced the individuals who are included in the first part of Phase 2 of Ohio's vaccination plan, which will begin on March 4, 2021. Phase 2 will begin with Ohioans ages 60 and older. This group includes approximately 695,000 eligible Ohioans.

#### **Phase 2**

Because the risk of more severe reactions and outcomes of COVID-19 increases with age, Phase 2 will open vaccinations based on age. Eligible individuals can receive a vaccine from the provider of their choice.

#### **AGE ELIGIBILITY**

- Individuals age 60 and older.

#### **How to find vaccine providers, schedule appointments**

There are two ways that Ohioans can find providers participating in Ohio's Vaccine Program.

- ***Launching Soon*: NEW Vaccine Management Solution (VMS)** – This one-stop solution for patients beginning the vaccination process will allow Ohioans to determine eligibility, schedule appointments, submit health information, and receive updates and reminders.
- The **COVID-19 Vaccine Provider Locations** directory at [vaccine.coronavirus.ohio.gov](https://vaccine.coronavirus.ohio.gov) is a resource that shows providers who have received shipments of COVID-19 vaccines. The COVID-19 Vaccine Provider Locations directory is searchable by county and ZIP code.
- In addition, vaccine supply is also available through the [Federal Retail Pharmacy Program for COVID-19 Vaccination](#). Eligible Ohioans who want to find a participating pharmacy should visit the Centers for Disease Control and Prevention's [VaccineFinder](#). This is a free, online service.

*Created March 1, 2021.*
