

# Westlake Waterways

Cahoon

A creek in my backyard, Summer days = splash! Play!  
The water is clean, how do we keep it that way?

Porter

Protect our streams and creeks; mind your trash,  
Wash your car in the grass

Schwartz

Westlake Emerald lawns everywhere

Recycle yardwaste, fertilize with care.

Go organic, keep it clean, don't let chemicals in our streams!

Sperry

Lots of dogs to walk and trot

Pick up after your Spot!

Dog waste can pollute our creeks.

Wilhelmy

Conservation is the key  
to sustainability

Shorter showers are a sure bet

Don't let the water run as you brush your teeth and gums

Wischmeyer

Wetland plants help protect our streams

Plant some trees, restore nature's beauty

Wolf

There are many ways to be involved

in protecting our streams you must be resolved

stay mindful in how you act and play

It takes all of Westlake to protect our waterways
